SAMSUNG OFFICESERV TIME & DATE CHANGE PROGRAMMING GUIDE

From any digital telephone, VoIP telephone or softphone;

Press the **Transfer key** and dial **200**, the display will display
ENABLE CUS. PROG. & PASSCODE : Enter **1234 (by default)**

Press **1** which will change the disable to enable.

Press the **Speaker Key**

Enter the time & date program by dialing **505**

The display should read:
OLD: (current setting)
NEW: WMMDDYY: HHMM

To change the Time and Date, the format is as follows:

- W (Day of the week, 0-6): e.g., enter **0** for Sunday and **6** for Saturday.
- MM (Month, 01-12): e.g., enter **01** for January and **12** for December.
- DD (Day of the month): enter a number in the range **01–31**.
- YY (Year): enter the last two digits of the year, e.g. **07**.
- HH (Hours): 24-hour clock enter a number in the range **00–24**.
- MM (Minutes): enter a number in the range of **00–59**.

Enter your desired date and time and then press Transfer to exit programming. The new time or date should now display on all phones.

Don't be fooled. Today everyone wants to sell you new services. From the new "Cloud Providers", break fix computer service technicians, web sales folks and even electricians. What they don't tell you is how much it will cost in the end as you support bigger bandwidth requirements, expensive downtime or costly network hardware.

Making IT solutions simplified again

NOT JUST A PHONE SYSTEM

Today's workplace is no longer defined by a building with a company logo on it. Home-based employees and road warriors have become commonplace these days and your communications system has to operate where your employees perform best or are most productive — Everywhere.

BUSINESS GO GREEN

Go Green solutions for today's dynamic, cash strapped and eco-conscious businesses are able to reduce or eliminate commutes and fuel costs. Plus it improves your bottom line. Saving money and more productivity, that's Rottweiler.

SAMSUNG; LARGER COMPANY, GREATER SUPPORT

With FREE software updates, Samsung systems keeps your business current and when new features become available you also benefit from the engineering that having a company that is worldwide invests back into it's customers.

SYSTEM SERVICES THAT DON'T STOP

Rottweiler Systems provide simply provides more. We're not just a business phone provider. Will decades of performance and satisfied customers, Rottweiler Systems installs and manages multiple wired system platforms. From the computer to the security system or access system Rottweiler installs and maintains many of the wired systems that most businesses have come to rely on.

PROPER SYSTEM DESIGN

We cannot say it enough and we need to say it often that proper planning often leads to a satisfied customer. You did not find us by accident but looked hard to find the information that you needed to receive to make your system work. That was your first step in finding the right company.

The fact that you are reading this now indicates two things. First that you have an interest in keeping your system up to date and the second is that you found a company that was willing and capable of supporting your needs where they were needed most.
